Thanks, Ashley. So the next one is November 7th. Do you think the County can be ready by then? JiMW

Hi Jim,

We are amenable to holding the DEIR meeting at one of the Planning Group's regular meetings. I will remain in contact with Donna to ensure that the meeting falls at an appropriate time during the public review period so as to be beneficial to the group and members of the public. If necessary, it sounds like the CPG would be willing to schedule a separate meeting as well if needed.

Thanks,

Ashley

**Subject:** EIR Public Meeting

Hi Ashley --

A topic of discussion at last Thursday's Boulevard Planning Group meeting was whether to do the Soitec DEIR public meeting at the same time/place as the regularly scheduled Planning Group meeting. Tentatively, the Planning Group board anticipates the DEIR to be the focal point of the November 7 meeting. Are you amenable to doing the DEIR meeting at the Planning Group meeting? -- we are. Please let us know.

Thanks,

Jim
